Credo Orbis in Latin means 'I believe in the world'! Hence I am happy to know about the formation of the trust 'CREDO Orbis'- Confederation of Rehabilitation, Empowerment & De-Addiction Organizations of the World. The time has come where every citizen of the Nation has to rise above all odds and grasp the fruits of freedom – be it economic or social.

"CREDO Orbis" is a single window platform for its members to access government schemes, imparting skill training, assisting in the manufacturing of goods, agri and farm produce, decimation of services by the intended beneficiaries and marketing their skills, services or produce in a manner that results in the alleviation of poverty at the grass roots. CREDO Orbis has been formed to eradicate poverty through sustainable social infrastructure called IC-SURE projects across India that will integrate skill training with manufacturing, entrepreneurship with targeted promotion- thus empowering the rural and urban poor, victims of drugs and substance abuse, victims of trafficking, women and the physically challenged to realize their true potential.

"CREDO Orbis" shall also hold several key International Conferences across major global cities with the aim to invite attention towards eradication of poverty and the earmarked projects for the same.

I am happy to extend my best wishes at all times and invite all individuals, public sector undertakings, private enterprises, philanthropists, social workers and NGOs to support "CREDO Orbis" in its noble endeavors.
